Company PR	Nihon Suido Consultants Co., Ltd. (NSC) is Japan's leading engineering consulting firm specializing in the water sector. Founded in 1959, the company has built over six decades of expertise in water supply, sewerage, river engineering, and environmental management. NSC provides end-to-end consulting services — from survey, planning, and design to construction supervision and O&M advisory. The firm also delivers solutions in PPP/concession advisory, asset management, non-revenue water reduction, and digital transformation for water utilities. With approximately 737 employees (consolidated), NSC brings together multidisciplinary professionals across civil, mechanical, and electrical engineering, water quality science, and IT. Internationally, NSC has delivered projects in over 70 countries through JICA, the World Bank, and the Asian Development Bank, with overseas offices in Singapore, the Philippines, Vietnam, and Indonesia. In October 2024, the company listed on the Tokyo Stock Exchange Standard Market.  Legend - Cities NSC has served - Counties NSC has served - Head Office - International Offices - P.T. Dacrea Design And Engineering Consultants (Subsidiary) NSC have provided consultancy services worldwide. Along with the expansion of Japan's ODA projects, NSC have a wide range of experience in Asia and the Pacific, Africa, Latin America, and the Middle East. NSC maintain close ties with the region through its overseas offices in Singapore, the Philippines (Manila), Indonesia (Jakarta), and Vietnam (Hanoi). PT. Dacrea is our subsidiary in Indonesia.
